THE HOSMER'S

LEFT: 40TH ANNIVERSARY SERVICES AT THE FIRST UPC IN OKINAWA.

Just a quick update for the Hosmer Family

- This month we spent the majority of our time on the island of Miyako watching the preaching point while Associate Missionary Craig is stateside raising funds. Much training is taking place as Sister Hosmer and I are preparing bilingual discipleship video lessons. We have been doing a lot of outreach and had a tremendous gathering at our small group. We literally could not fit any more people in our training center. 6 different nations were represented and 6 different regions within Japan. What and international group that is being formed here. Were expecting to see and outpouring of the Holy Ghost here.
- Greatly blessed to be part of the 40th anniversary services at 1st UPC in Okinawa. Also was great to spend some time with other missionaries in the region with our annual Missionary Field Fellowship.
- Below this Military family came to church and all 3 have been filled with the Holy Ghost and Baptized !
