

# THE HOSMER'S

LEFT: OUTREACH FOR CHILDREN ON CHRISTMAS. MANY FIRST TIME VISITORS ON THIS DAY

ABOVE: JAPANESE BOY RECEIVES THE HOLY GHOST

## Just a quick update for the month

- This month was simply packed full of events. We were able to do some special outreach to neighborhood children. We gave away some gifts and was able to share with them the true meaning of Christmas. During an altar call, one little Japanese boy received the Holy Ghost! The neighborhood children are inviting

their friends and the youth are growing in both number and in spiritual growth.

- We were able to start a new small group in one of the saints home. Her Japanese friend began to attend our meetings and as the word of God was being shared, tears began to flow

down her cheek. I believe she will soon get the Holy Ghost.

- It was great to have Brother and Sister Craig back in Okinawa for a few days. We did a baby shower for them. They are doing a great work on Miyako Island.
