

# THE HOSMER'S

## Just a quick update for the Hosmer Family

-Above lady had contacted me through Facebook. She was moving from Yokohama to Okinawa. She said she was looking for a church. After a couple of services she was baptized in Jesus name.

-Sis. Hosmer and I are teaching Purpose Institute weekly in Uruma City.

-We have been assisting Bro. Panton with the Preaching point they are leading. Small group meetings and teaching and Sunday Evening Services.

-This month we were blessed to be a part of the Southern Region Camp Meeting services being held in Okinawa, Japan.

-So thankful for the ministry of Rev. Muthu and his wife. They were able to come and preach a revival/healing service with us. A few received the Holy Ghost. Many healings took place. Many with back problems and hearing problems to just name a few were healed.
