2023

MONTHLY UPDATE - JAPAN/RYUKYU ISLANDS

Left: Japanese Youth baptized in Jesus name. One week earlier he got filled with the Holy Ghost. Above: Small group meeting in Miyako Island

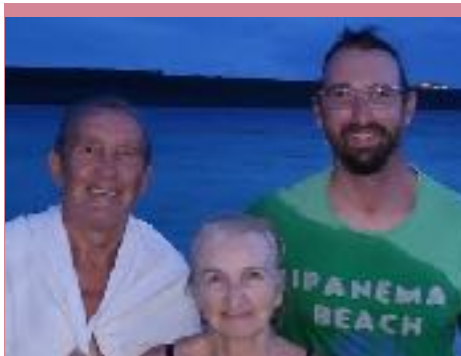

We are working in both Okinawa and Miyako islands. This month we were hit with yet another typhoon in Miyako Island. There was not much damage as in the previous typhoon. However the food supply is always delayed as food is shipped in and these ships do not come to these islands during typhoons. This typhoon did not interrupt us. In fact it seems we are having more determination to gather together for prayer and for bible studies and fellowship! We are seeing amazing results with the youth in the Uruma city campus. So thankful for Aimer

Jamie Davis for all his hard work with these youth. Bro. Hosmer has been working a lot on Miyako island. Lately we have had a elderly couple here visiting one of the saints in our church. They only speak Polish. Therefore I needed to preach in English and have their son translate into Polish. At the same time another sister in our church was translating into Japanese for our Japanese visitors. Praise God! The day before they left to return back to Poland this couple was baptized in Jesus name! I am very thankful for Aimer Caleb Fallon for his support with

teaching classes in our Purpose Institute campus. We are currently in our 4th semester. The Uruma City church has a special youth outreach event that attracted many youth together. They had a type of open house and told bible stories with some adults dressed up as giants. Thank you once again for all of your kind prayers.

Sis. Hosmer and I returning back to Miyako from Okinawa Island.

This elderly couple baptized in Jesus name

Praying for the church members in Miyako.
