Just a quick update for the Hosmer Family

-Was blessed to travel to Miyako Island this month and spend my birthday with family and friends. Encouraged Bro. And Sis. Craig while we were there.

-We took a small team from our mother church in Uruma city and flew into Iida city. I have been teaching bible studies weekly to a group there via

internet. I am happy to report that two were filled with the Holy Ghost. God is so good. Looks like we now have an open door in this city to start an preaching point.

-Just this last weekend we had two baptized in Jesus name in Uruma City.

-Traveling twice a week to support the work in Nago city to assist the Pantan family with their preaching point.

-Preparing to launch Purpose Institute bible school 3rd semester next month.

-God protected us as we had a few typhoons in our area this month.

SO THIS IS WHAT 53 FEELS LIKE :)
