Southern Region Conference was held in Fukuoka City. Sis Hosmer and I were able to attend along with some others from our church. It was good to spend some time with them.

## Just a quick update for the Hosmer Family

-Several were baptized in Jesus name this month. One man is from Africa who is here attending university which is opening a door for campus ministry. Another U.S. Navy discovered the need to be baptized in Jesus name while on a ship. Once her ship docked on Okinawa, she came to the church early to be baptized. She came out of the

water speaking in tongues. Next day she shipped out.

- Was able to fly to Miyako island and preach in the apostolic training center there and teach Purpose Institute.
- Teaching Life Foundation Classes.

- Weekly Training and teaching with our ministers with video lessons.
- Outreach efforts for the next months Easter Holiday Weekend.
- Spent a lot of time teaching small group in Nago City.
