

THE HOSMER'S

Above Sis was baptized and filled with the Holy Ghost. She had been attending a small group meeting and then started to attend a Friday night prayer meeting.

Just a quick update for the Hosmer Family

-What an incredible National Conference we had. Great fellowship and the ministry was on point. Above is a group photo of ministers with JUPC

-We were able to do a missions trip with a group to the city of Iida. I have been teaching bible studies to some people there via internet. We were

able to baptize two of them. I believe the Lord is opening up a new door for us in this city.

-Japanese woman was baptized in Jesus name on a Friday night prayer meeting. The following week she returned and was filled with the Holy Ghost.

-Sis Hosmer traveled to Yokohama with our daughters Christina and Dorothy for a few weeks. Christina had some medical work done on her back. She has scoliosis. Her spine was twisted and curves of 40%. God blessed and now no twisting and only 5% curves.
